

CELLEBRITE CERTIFIED OPERATOR (CCO)

Mobile Forensics

Course Description

Cellebrite Certified Operator (CCO) is a two (2) day intermediate level certification course designed to further develop mobile device handling and data extraction skills. This course reinforces forensically sound processes introduced in Cellebrite Mobile Forensic Fundamentals (CMFF), and guides participants through installing and configuring UFED Touch and UFED 4PC to conduct mobile device extractions. By completing practical hands-on exercises in the in-person course, participants will gain experience conducting Logical, File System, and Physical extractions, and creating shareable UFDR reports to streamline the investigative process. Participants will earn the CCO certification upon passing a knowledge test and practical skills assessment with a score of 80% or higher.

Level

Intermediate

Length

Two-Day
(14
hours)

Certification Track

CCME and CCRS

Delivery Mode

In-Person
Virtual
Self-Paced*

* last updated May 2023

Course Learning Objectives

Upon successful completion of the course, the student will be able to:

- Describe pre-extraction considerations.
- Install and configure Touch, Touch 2, or 4PC and Physical Analyzer software.
- Explain the best practices for the on-scene identification, collection, packaging, transporting, examination, and storage of digital evidence data and devices.
- Display best practices when conducting cell phone extractions.
- Identify functions used within Touch, Touch 2, or 4PC to perform supported data extractions.
- Exhibit how to open extractions using Physical Analyzer.
- Summarize how to conduct basic searches using Cellebrite Physical Analyzer.
- Outline how to create a Triage report using Cellebrite Physical Analyzer.
- Demonstrate proficiency by completing a knowledge-based and practical skills assessment.

Note

No pre-requisites exist to attend the CCO class, which is the second of three requirements, to qualify for the Cellebrite Certified Mobile Examiner (CCME) certification exam.

The CCO course is NOT available as a test-out option for those individuals seeking to achieve CCME pre-requisites.

It is recommended that students in the CCO course have completed the Cellebrite Mobile Forensics Fundamentals (CMFF) course prior to this class.

Empowering Justice through Expert Digital Forensics Training

Cellebrite Training is a leading provider of digital forensics education, offering a comprehensive suite of courses designed to empower professionals in mastering the techniques, tools, and methodologies essential for navigating the complexities of digital investigations.

For a complete list of Cellebrite Training's in-person, virtual, or self-paced course offerings, please visit www.cellebrite.com/training or contact your regional Training Account Manager at Training@cellebrite.com or 800-942-3415. Select option #3.
