CBIT Digital Forensics Services prides itself on delivering world class training programs in Australia & New Zealand. Employees of Federal and Local Government, along with Law Enforcement and Corporates continue to use CDFS as their preferred training provider.

Many digital forensic teams now list our courses as a requirement in their organisation.

## Upcoming Training Courses

Our regularly updated training calendar is available at:

<https://cdfs.com.au/schedule>

### TAILORED COURSES & ONSITE TRAINING

CDFS is able to design and customise courses to meet specific needs, but please allow us at least 8 weeks of lead time, depending on the changes you require. Our courses can be delivered on premises both nationally and internationally as required.

Please email [vouchers@cdfs.com.au](mailto:vouchers@cdfs.com.au) for further details.

## Learn from an experienced team with local knowledge!

The trainers at CDFFS all conduct digital investigations in Australia and know the tools you use and the problems you face. Working with law enforcement, government and corporate clients means they can get you the relevant skills as quickly as possible.
